## ***Decorations***

*You are welcome to set up any decorations for your function.*

*Decorations will need to be delivered after 2pm on the day of your function (balloon deliveries, light up lights etc) and then will need to be either removed on the night OR you can place them in a labelled sealed box in the space near the toilets and collect them the next day. If you're having too much fun we will happily box everything up for you and place it in the holding area for pick up. This space is not secure so we recommend picking them up as soon as you can the following day.*

*We unfortunately are unable to take responsibility for lost or damaged items.*

*Any candles used must not drip on to the tables so must be in a closed base.*

*You can hang light string from the lights in the courtyard and you are welcome to bring your own lights for the courtyard tree.*

*Unfortunately we are unable to stick or blu tac anything to the walls or tables.*

*Any left over cake will be disposed of at approximately midday the following day.*

*If you do have extensive decorations - we recommend sending in a friend to set up before your event or you can hire an "on the day" planner to orchestrate set up duties.*

*Please do not hesitate to contact us if you have any questions or would like to book 😊*
